## SUMMARY

Data Science student with skills in Python, machine learning and data analysis. Looking for entry-level data science opportunities.

## TECHNICAL SKILLS

Python, Machine Learning, Data Science, Pandas, NumPy, HTML, CSS, JavaScript

## EDUCATION

B.Sc in Data Science, Gujarat University

Semester: 6 | CGPA: 7.4

## WORK EXPERIENCE

Data Science Trainee — DataLearn Academy

January 2026 – April 2026

Worked on Python data analysis and basic machine learning exercises. No professional Java or Spring Boot experience.

## PROJECTS

Sales Prediction using Machine Learning

Built a Python machine learning project using Pandas and scikit-learn.

Data Visualization Dashboard

Created charts and analysis using Python libraries.

## CERTIFICATIONS

Python for Data Science Certification

Machine Learning Fundamentals Certification

## LANGUAGES

English, Hindi, Gujarati
