SUMMARY

Computer Science graduate and Java developer with strong backend development skills. Experienced in Java, Spring Boot, REST API, MySQL, Git, Docker and AWS.

TECHNICAL SKILLS

Java, Spring Boot, MySQL, SQL, REST API, Git, GitHub, Docker, AWS

EDUCATION

B.Tech in Computer Science and Engineering, Gujarat Technological University

Semester: 8 | CGPA: 8.7

WORK EXPERIENCE

Software Engineer Intern / Junior Developer — TechNova Solutions, Ahmedabad

January 2025 – June 2026

2 years of practical experience developing Java and Spring Boot applications, REST APIs and MySQL database solutions. Used Git, GitHub, Docker and AWS for development and deployment.

PROJECTS

AI Resume Screening and Smart Candidate Management System

Developed a web-based recruitment platform using Spring Boot, Thymeleaf and MySQL. Implemented resume upload, parsing, skill extraction and ATS analysis.

E-Commerce REST API

Built Java and Spring Boot REST APIs with MySQL, JPA and Hibernate. Tested APIs using Postman and deployed the application using Docker.

CERTIFICATIONS

Java Programming Certification

Spring Boot and REST API Development Certification

AWS Cloud Fundamentals Certification

LANGUAGES

English, Hindi, Gujarati
