

Aarav Mehta

Junior Java Software Engineer | Ahmedabad, Gujarat | aarav.mehta@example.com | +91-90000-00000

PROFESSIONAL SUMMARY

Entry-level Java developer with hands-on academic project experience building REST APIs and web applications using Java, Spring Boot, MySQL, Git, GitHub, Docker, and AWS. Familiar with software development practices, API testing, debugging, and deployment basics.

TECHNICAL SKILLS

Java, Spring Boot, MySQL, REST API, Git, GitHub, Docker, AWS, Hibernate, JPA, Maven, HTML, CSS, SQL, Unit Testing

PROJECTS

Student Management REST API

Built a Spring Boot REST API with CRUD operations, MySQL persistence, JPA/Hibernate, input validation, and exception handling. Used Git/GitHub for version control and documented API endpoints.

Containerized Task Manager

Packaged a Java web application with Docker and deployed a demo instance on AWS. Added basic logs and documented setup steps.

EDUCATION

B.Sc. / BCA in Computer Science or Information Technology (fictional sample), 2024–2027; relevant coursework: DBMS, OOP, Software Engineering.

EXPERIENCE

Academic projects and internship-style practice; no paid professional experience claimed.

CERTIFICATIONS

Java Programming (sample placeholder); AWS Cloud Fundamentals (sample placeholder).
